# Cosmetology 20/30

---

Miss. Taryn Banach  
February 2022 - June 2022  
Semester 2

*Cosmetology Studies focuses on personal and professional grooming, body care, and enhancement practices, and provides students opportunities to explore and prepare for cosmetology-related career options.*

This course will introduce the students to basic manicuring and pedicuring practices. Students will also learn the practice of gel nail enhancement and basic nail art application. They will learn about safety and procedural practices with these cosmetology services, and gain an understanding of how to offer these services in a salon and personal business setting.

## Marking Scheme:

The marking scheme for cosmetology will focus on both theoretical and practical components. Students will need to successfully complete all components of a module before moving on to another module.

The following modules will be offered this semester for Cosmetology 20/30 students:

**EST1020: SKIN CARE PRACTICES**

Prerequisite: COS1010: Personal & Professional Practices

1 credit

- Students identify the basic structures and functions of the skin. Students analyze skin and perform basic skin care practices, including cleansing, toning, nourishing and protecting.

**EST 1070: MANICURING I**

Prerequisite: COS1010: Personal & Professional Practices

1 credit

- Students identify the functions, shapes and basic structure of fingernails, identify conditions of the hands and fingernails, and perform basic manicures.

**EST3090: NAIL ENHANCEMENT – GEL**

Prerequisite: EST1070: Manicuring I

1 credit

- Students describe and demonstrate techniques used to apply gel nails and describe the effects of gel nails on natural nails.

Each cosmetology module will involve a written component (module booklets, assignments, etc.), labs, and assessments. The following general timeline will be followed as closely as possible to achieve course goals.

**EST 1020**            February

**EST 1070**            March/April

**EST 3090**            May/June

### **GENERAL EXPECTATIONS**

- Students in Cosmetology are expected to be in class on time. Students should be seated and have all relevant materials when the bell goes. Being late will require a late slip from the office and chronic lateness is not acceptable.
- Attendance is permitted for all mandatory PULSE classes. Given that this course is heavily practical, attendance is critical to successful completion of the modules.
- It is the responsibility of the student to let the teacher know if they have upcoming absences. It is the students responsibility to stay caught up on assignments. Help is available at the request of the student.
- Cell phones should not be a distraction to the learning environment. If students' cell phones are preventing work completion, they will be asked to either leave them in their locker or put them on the teachers desk during the class.
- All students are expected to participate in a positive manner and respect the rights and opinions of others.
