Two of our Fairview High School students, Hailey Duncan and Navada Gerk, got to spend a full week at the “Women of Steel” welding camp, hosted by GPRC! The ladies completed 30 hours of hands on work and wrote their CWB Welding certification. The program is designed to support, inspire and encourage young woman with hands-on training to spark an interest in the welding trade. This program is free of charge, made possible by the CWB Welding Foundation.

Subway Athlete Of The Month – Tyla Hammermaster

Tyla is a Grade 10 student here at Fairview High School and is the starting point guard on the senior women's basketball team. In addition to playing the sport, she's also involved in coaching and officiating basketball.

"It helps me play the game better by understanding the rules with refereeing and then coaching helps me with my team on the court and gets me involved with the school and the sport more."

In addition to basketball, Tyla also competes in cross country and volleyball and says it's beneficial to be playing several different sports.

"Using those skills and bringing them into basketball, working on other skills and it helps on working with that athletic mindset."

Congratulations to Ronan Dahlman for obtaining perfect attendance for the first half of the school year. Ronan has made it to school every day including all of our bus days. Well done Ronan. Mrs. Fraser presented him with a certificate and the prize he chose.

Tryouts are open
for registration.**

3-201

We had our first fun assembly to celebrate Pink Shirt Day and kindness in our school community. Our 9B and 9C volunteerism class, along with our YES worker Ms. Currie, planned a mission impossible course for students in all grades to participate in! It was wonderful to have student all together again, cheering each other on, laughing and having so much fun!!

Jr. High Ski Trip

FNMI Activities

Our grade eleven students had the opportunity to take part in a Kairos blanket exercise last Friday. The blanket exercise is a simulation of Canada's history which is engaging and interactive; the name of the exercise comes from the use of blankets to symbolize the land in Canada and the movement of Canada's people. Our blanket exercise has been specifically tailored to include the history of the Peace Country and includes local perspectives. By sharing the knowledge of our past, we hope to empower students to take up the ongoing story of Canada's history and move forward in a positive direction. Many thanks to Knowledge Keeper Lulu Ostrem, as well as Holly Crumpton, Wendy Goulet, and Kim Glen from PRSD, for assisting us in implementing this activity.

FHS's Leadership class had a visit from Victoria Wanihadie on Thursday. She visited our leadership class to talk about her experiences in Indigenous leadership, and she taught us some of the sign language that is used universally by Indigenous people on the plains. In this video, she greets the class and asks how they are; they respond by saying that they are feeling awesome! She also shared a history of Indigenous people in this area with both the Leadership class and our ELA 10-2 class, and the Leadership class had an opportunity to play a traditional Dene hand game. \$10 will be donated
to our group for
every code used.

FHS22

GIVE & **GROW**

Grad meetings will be held every Monday and Wednesday at 3:30 in Mrs. Szmata's room.

We are looking for your grad dress!

FHS is looking for donations of grad dresses, for students who might need assistance with purchasing their own dress for graduation.

If you are willing to donate your grad dress, we would appreciate it very much!

****Grad dresses that aren't older than 10-15 years would be preferred.**

**PLEASE CONTACT THE SCHOOL TO
ARRANGE PICK-UP OR DROP-OFF**

Superintendent's Message Alternative Education

To ensure the success of all students within the Peace River School Division (PRSD), we have created the Alternative Education Program that supports students and families through an adaptable, multi-faceted approach to education. At the forefront of this program, we have placed one of our most flexible educators, Saxon Butte, to facilitate and lead the Alternative Education Program.

With this program, more students are able to receive and access education in ways that break the traditional mode and support their specific learning styles. This allows them to experience more success within a dynamic setting.

The PRSD Alternative Education Program educates around 600 students throughout various programs and locations within the Peace River School Division and beyond. Available programs include Peace Home Learning Connections (parent directed education), Virtual Educational Program, Peace Regional Outreach Campus, Fairview and Area Learning Store and Hutterite Colony Programming.

For parent-directed home learning, the Peace Home Learning Connection allows parents to educate their children with support from the PRSD Home Education Coordinator, Golda David, and Marian Johnson-Higgins, the Home Education Facilitator.

PRSD has several geographically distanced, smaller schools with high school programs that have required a dynamic shift in practice to ensure students' success. The Virtual Education Program allows students to access high quality instruction for all necessary high school courses that are typically available in larger centres. This approach gives students a broader range of educational courses, resources, and specialized teaching to guarantee their graduation from high school.

To further support high school students, the Peace Regional Outreach Campus and Fairview and Area Learning Store offers flexible learning hours and high-quality instruction that accommodate students' family commitments, work schedules and any other needs they may have.

With these Alternative Education options, Peace River School Division truly is the first choice for students! Creating ways for ALL students to succeed is our top priority.

**Adam Murray
Superintendent of Schools
Peace River School Division**
