

Greetings from School Council!

Its hard to believe another school year is coming to a close very soon. This year has been such an improvement after two years of lockdown. Students are able to socialize in person, attend school in person, have sporting events with actual spectators in attendance and will see a “normal” graduation ceremony this year.

School Councils are an important link between the Board, schools and school communities and bring constructive perspectives about education, the needs of the school and concerns of the community to the school and the Board.

School Council is working on School Council Operating Procedures, creating a School Council yearly plan and planning events to increase parent involvement and awareness within the school community.

You may have the skills or knowledge in areas such as Budgets, Education Plan ideas to increase literacy & numeracy of students, Volunteerism, Presentations or Speakers to educate parents and the list goes on. Parent involvement is not just to attend meetings, there are many other ways parents can be involved in the school, if you have any ideas or suggestions, we would love to hear them!!

Unfortunately, the School Council parent attendance has been extremely low and with the current executive nearing the end of their term, it is extremely important for more parents to jump on board and be a part of the Council.

School Council Meeting Minutes and Agendas can be found on the school website.

<https://www.fairviewhigh.ca/school-council>

Make a plan to attend the next school council meeting which is June 15th in the Library.

Please email any items, questions or concerns to fhsparentcouncil@gmail.com

Thank you

School Council Chair

Lynette Craig
